

ABOUT

The Downtown Roseville Partnership is an action oriented, collaborative group that champions the creation of a vibrant and authentic downtown.

blue line arts

Our non-profit arts organization has served Roseville for over 50 years, providing accessible arts education for all, presenting high caliber art exhibitions, and engaging our community in the arts.

In 2018, the Downtown Roseville Partnership approached Blue Line Arts with a vision for transforming our local walls, bringing excitement, vibrancy, and unique character to our neighborhood. The initiative's first year saw the creation of seven new works of art by local artists.
